WHO WE ARE

We are the Governors of Hutchesons' Educational Trust (GoHET) and we operate Hutchesons' Grammar School (HGS). GoHET is a charity, registered in Scotland with the Office of the Scottish Charity Regulator (OSCR). Our charity registration number is SC002922 and our registered office is at 21 Beaton Road, Glasgow, G41 4NW. GoHET is the data controller and this privacy notice covers the activities of both HET and HGS. Reference hereafter to "the School" therefore includes GoHET and HGS.

WHAT THIS PRIVACY NOTICE IS FOR

This Privacy Notice is intended to provide information about how the School will collect, use and hold (or "process") personal data about individuals including: current, past and prospective pupils; and their parents, carers or guardians (referred to in this policy as "parents").

This makes the School a data controller of your personal information and this information is provided because data protection law gives individuals rights to understand how their data is processed and this Privacy Notice sets out how we will use that information and what your rights are in respect of the data we hold about you.

This Privacy Notice applies alongside any other information the School may provide about a particular use of personal data, for example when collecting data via an online or paper form.

This Privacy Notice also applies in addition to the School's other relevant terms and conditions and policies, including;

- any contract between the School and the parents of pupils;
- the policy on taking, storing and using images of children;
- the CCTV policy;
- the Retention of Records policy;
- the Child Protection Policy; and
- ICT policies

RESPONSIBILITY FOR DATA PROTECTION

The School has appointed the Bursar as Privacy and Compliance Officer who will fulfil their role as required by Data Protection Law.

You can contact the Privacy and Compliance Officer by email to privacyandcomplianceofficer@hutchesons.org or, if you prefer to call (0141 433 4452) or write to us at The Governors of Hutchesons' Educational Trust, 21 Beaton Road, Glasgow, G41 4NW.

WHY THE SCHOOL NEEDS TO PROCESS PERSONAL DATA

In order to carry out our ordinary duties to staff, pupils and parents, the School needs to process a wide range of personal data about our community as part of our daily operations.

Some of this activity the School will need to carry out in order to fulfil our legal rights, duties or obligations – including those under a contract with our staff, or parents of our pupils.

Other uses of personal data will be made in accordance with the School's legitimate interests, or the legitimate interests of another, provided that these are not outweighed by the impact on individuals, and provided it does not involve special or sensitive types of data.

The School expects that the following uses will fall within that category of our (or our community's) "**legitimate interests**":

- For the purposes of pupil selection, to confirm the identity of prospective pupils and their parents, and retain a record (if appropriate) for the purposes of future applications or openings;
- To provide education services (including musical education, physical training or spiritual development, career services, and extra-curricular activities to pupils), and monitoring pupils' progress and educational needs, including where such services are provided remotely (either temporarily or permanently);
- To report to and liaise with parents about their child's progress, welfare and development including by way of regular reports and parents' evenings;
- To organise and manage meetings, events and social engagements for pupils and parents;
- To maintain relationships with alumni and the School community, including by direct marketing or fundraising activity;
- For the purposes of donor due diligence, and to confirm the identity of prospective donors and their background;
- For the purposes of management planning and forecasting, research and statistical analysis, including that imposed or provided for by law (such as tax, diversity or gender pay gap analysis);
- To enable relevant authorities to monitor the School's performance and to intervene or assist with incidents as appropriate;
- To give and receive information and references about past and current pupils, including relating to outstanding fees or payment history, to/from any educational institution that the pupil attended or where it is proposed they attend; and to provide references to potential employers of past pupils;
- To enable pupils to take part in national or other assessments, and to publish the results of public examinations or other achievements of pupils of the School;
- To safeguard pupils' health and welfare and provide appropriate pastoral care;
- To monitor (as appropriate) use of the School's IT and communications systems in accordance with the School's IT: Digital Services Acceptable Use Policy;
- To make use of photographic images of pupils in School publications, on the School website and (where appropriate) on the School's social media channels in accordance with the School's policy on taking, storing and using images of children;

- For security purposes including CCTV in accordance with the School's CCTV policy;
- For the prevention and detection of crime, and in order to assist with investigations (including criminal investigations) carried out by the police and other competent authorities;
- For regulatory record keeping / compliance purposes in respect of immigration requirements, as an employer and/or visa sponsor;
- To carry out or cooperate with any School or external complaints, disciplinary or investigation process;
- To promote the School to prospective parents and pupils; and
- Where otherwise reasonably necessary for the School's purposes, including to obtain appropriate professional advice and insurance for the school.

In addition, the School will on occasion need to process **special category personal data** (concerning health, ethnicity, religion, biometrics or sexual life) or criminal records information (such as when carrying out PVG/Disclosure Scotland checks) in accordance with rights or duties imposed on us by law, including as regards safeguarding, or from time to time by explicit consent where required. These reasons will include:

- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's health / medical condition or other relevant information where it is in the individual's interests to do so: for example for emergency medical care, to arrange the assessment and diagnosis of a pupil's health and medical conditions and special educational needs, for social protection, safeguarding, and cooperation with police or social services, for insurance purposes or to caterers or organisers of school trips who need to be made aware of dietary or medical needs;
- To comply with public health requirements;
- To provide educational services in the context of making reasonable adjustments for a pupil's disability and/or any special educational needs of a pupil;
- To run any of our systems that operate on biometric data, such as for security and other forms of pupil identification (lockers, lunch etc.);
- As part of any School or external complaints, disciplinary or investigation process that involves such data, for example if there are SEN, health or safeguarding elements*; or
- For legal and regulatory purposes (for example child protection, diversity monitoring, health and safety and immigration / visa sponsorship compliance) and to comply with its legal obligations and duties of care.

TYPES OF PERSONAL DATA PROCESSED BY THE SCHOOL

This will include by way of example:

- names, addresses, telephone numbers, email addresses and other contact details;
- car details (about those who use the car parking facilities);
- biometric information, which will be collected and used by the School in accordance with their Biometrics policy
- bank details and other financial information, e.g. about parents who pay fees to the School

- past, present and prospective pupils' academic, disciplinary, admissions and attendance records (including information about any special needs) and examination scripts and marks;
- personnel files, including in connection with academics, employment or safeguarding;
- where appropriate, information about individuals' health, and contact details for their next of kin;
- references given or received by the School about pupils and staff and information provided by previous educational establishments and/or other professionals or organisations working with individuals; and
- images of pupils (and occasionally other individuals including staff and parents) engaging in school activities, and images captured by the CCTV system (in accordance with the School's policies on the use of CCTV, taking, storing and using images of children and social media);

HOW THE SCHOOL COLLECTS DATA

Generally, the School receives personal data from the individual directly (including, in the case of pupils, from their parents). This may be via a form, or simply in the ordinary course of interaction or communication (such as email or written assessments).

However in some cases personal data will be supplied by third parties (for example another school, or other professionals or authorities, or third party service providers who credit and identity check parents and their source of funds); or collected from publicly available resources.

WHO HAS ACCESS TO PERSONAL DATA AND WHO THE SCHOOL SHARES IT WITH

Occasionally, the School will need to share personal information relating to their community with third parties, such as the NHS, SQA and alumni organisations.

For the most part, personal data collected by the School will remain within the School and will be processed by appropriate individuals in accordance with access protocols (i.e. on a 'need-to-know' basis). Particularly strict rules of access apply in the context of:

- medical records held and accessed only by appropriate medical staff or those under their supervision, or otherwise in accordance with express consent; and
- pastoral or safeguarding files.

However, a certain amount of relevant information for any pupil with Special Educational Needs (SEN) will need to be provided to staff more widely in the context of providing the necessary care and education that the pupil requires.

Staff, pupils and parents are reminded that the School is under duties imposed by law and statutory guidance, including that set out in the Children's Hearings (Scotland) Act 2011 (implemented in 2013), the National Guidance for Child Protection in Scotland 2014 and the Children and Young People (Scotland) Act 2014, to record or report incidents and concerns that arise or are reported to them, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This is likely to include file notes on personnel or safeguarding files and, in some cases, referrals to relevant authorities. For further information about this, please view the Child Protection Policy.

Finally, in accordance with Data Protection Law, some of the School's processing activity is carried out on their behalf by third parties, such as IT systems, web developers or cloud storage providers. This is always subject to contractual assurances that personal data will be kept securely.

HOW LONG WE KEEP PERSONAL DATA

The School will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary parent and pupil files is up to 7 years following departure from the School. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements.

If you have any specific queries about how our retention policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact the Privacy and Compliance Officer: privacyandcomplianceofficer@hutchesons.org. However, please bear in mind that the School will often have lawful and necessary reasons to hold on to some personal data even following such request.

A limited and reasonable amount of information will be kept for archiving purposes, for example; and even where you have requested we no longer keep in touch with you, we will need to keep a record of the fact in order to fulfil your wishes (called a "suppression record").

KEEPING IN TOUCH AND SUPPORTING THE SCHOOL

The School will use the contact details of parents, alumni and other members of the school community to keep them updated about the activities of the School, or alumni and parent events of interest, including by sending updates and newsletters, by email and by post. Unless the relevant individual objects, the School will also:

- Share personal data about parents and/or alumni, as appropriate, with organisations set up to help establish and maintain relationships with the school community, such as the Hutchesons' Grammar School Parents Association, Former Pupils' Club, The 1957 Group and The 1641 Club;
- Contact parents and/or alumni by post and email in order to promote and raise funds for the school;
- Collect information from publicly available sources about parents' and former pupils' occupation and activities, in order to maximise the school's fundraising potential.

Should you wish to limit or object to any such use, or would like further information about them, please contact the Privacy and Compliance Officer in writing to 21 Beaton Road, Glasgow G41 4NW. You always have the right to withdraw consent, where given, or otherwise object to direct marketing or fundraising. However, the school is nonetheless likely to retain some of your details (not least to ensure that no more communications are sent to that particular address, email or telephone number).

YOUR RIGHTS

Individuals (both pupils and parents) have various rights under data protection law to access and understand their own personal data held and processed by the School, and in some cases ask for it to be erased or amended, or to have it transferred elsewhere, or for the School to stop processing it – but subject to certain exemptions and limitations.

The School will endeavour to respond to any such written requests as soon as is reasonably practicable and in any event within statutory time-limits (which is generally one month, but actually fulfilling more complex or multiple requests, e.g. those involving third party information, may take 1-2 months longer).

The School will be better able to respond quickly to smaller, targeted requests for information made during term time. If the request for information is manifestly excessive or similar to previous requests, the School may ask you to reconsider, or require a reasonable fee for the administrative costs of complying with the request, or in certain cases refuse the request (but only where data protection law allows it, and in accordance with relevant regulatory guidance).

If you consider that the personal data we hold on you is inaccurate, please let us know. However, the School will not necessarily delete or amend views, opinions, notes or records purely on the request of an individual who disputes the account, although we may keep a record of all parties' viewpoints.

- Requests that cannot be fulfilled

You should be aware that UK GDPR rights (including the right of access) are limited to your own personal data, and certain data is exempt. This will include information which identifies other individuals (and parents need to be aware this may include their own children, in certain limited situations – please see further below – or information which is subject to legal privilege (for example legal advice given to or sought by the school, or documents prepared in connection with a legal action, or where a duty of confidence is owed by a legal adviser).

The School is also not required to:

- disclose any pupil examination scripts (or other information consisting solely of pupil test answers, potentially including in mock exam scripts or other types of exams / tests used to assess performance – although markers' comments may still be disclosable if they constitute pupil personal data); or
- provide examination or other test marks ahead of their ordinary publication date, nor share any confidential reference held by the school that was (or will be) given for the purposes of the education, training, appointment or employment of any individual.

You may have heard of the "right to be forgotten". However, we will sometimes have compelling reasons to refuse specific requests to amend, delete or stop processing your (or your child's) personal data: for example, a legal requirement, or where it falls within a proportionate legitimate interest identified in this Privacy Notice. Generally, if the School still considers the processing of the personal data to be reasonably necessary, it is entitled to continue. All such requests will be considered on their own merits.

- Requests by or on behalf of pupils

Pupils can make subject access requests for their own personal data, provided that, in the reasonable opinion of the School, they have sufficient maturity to understand the request they are making (see section "Whose Rights?" below). A pupil of any age may ask a parent or other representative to make a subject access request on his/her behalf.

Indeed, while a person with parental responsibility will generally be entitled to make a subject access request on behalf of younger pupils, the law still considers the information in question to be

the child's. For older pupils, the parent making the request may need to evidence their child's authority for the specific request. Requests not considered in the child's best interests may sometimes be refused.

Pupils at Senior School are generally assumed to have this level of maturity, although this will depend on both the child and the personal data requested, including any relevant circumstances at home. Slightly younger children / Older Primary School children may however be sufficiently mature to have a say in this decision, depending on the child and the circumstances.

- Parental requests, etc.

It should be clearly understood that the rules on subject access are not the sole basis on which information requests are handled. Parents may not have a statutory right to information, but they and others will often have a legitimate interest or expectation in receiving certain information about pupils without their consent. The School may consider there are lawful grounds for sharing with or without reference to that pupil.

Parents will in general receive educational and pastoral updates about their children, in accordance with the Parent Contract. Where parents are separated, the School will in most cases aim to provide the same information to each person with parental responsibility, but may need to factor in all the circumstances including the express wishes of the child, court orders, or pastoral issues.

All information requests from, on behalf of, or concerning pupils – whether made under subject access or simply as an incidental request – will therefore be considered on a case by case basis.

- Consent

Where the School is relying on consent as a means to process personal data, any person may withdraw this consent at any time (subject to similar age considerations as above). Examples where we do rely on consent are: e.g. certain types of uses of images, certain types of fundraising activity. Please be aware however that the School may not be relying on consent but have another lawful reason to process the personal data in question even without your consent.

That reason will usually have been asserted under this Privacy Notice or may otherwise exist under some form of contract or agreement with the individual (e.g. an employment or parent contract, or because a purchase of goods, services or membership of an organisation such as an alumni or parents' association has been requested).

- Whose rights?

Rights under Data Protection Law belong to the individual to whom the data relates. However, the School will often rely on parental authority or notice for the necessary ways it processes personal data relating to pupils – for example, under the Parent Contract, or via a form. Parents and pupils should be aware that this is not necessarily the same as the school relying on strict consent (see section on Consent above).

Where consent is required, it may in some cases be necessary or appropriate – given the nature of the processing in question, and the pupil's age and understanding – to seek the pupil's consent, either alongside or in place of parental consent. Parents should be aware that in such situations they may not be consulted, depending on the interests of the child, the parents' rights at law or under their contract, and all the circumstances.

In general, the School will assume that pupils' consent is not required for ordinary disclosure of their personal data to their parents, e.g. for the purposes of keeping parents informed about the pupil's activities, progress and behaviour, and in the interests of the pupil's welfare. That is unless, in the School's opinion, there is a good reason to do otherwise.

However, where a pupil seeks to raise concerns confidentially with a member of staff and expressly withholds their agreement to their personal data being disclosed to their parents, the School may be under an obligation to maintain confidentiality unless, in the School's opinion, there is a good reason to do otherwise; for example where the School believes disclosure will be in the best interests of the pupil or other pupils, or if required by law.

Pupils are required to respect the personal data and privacy of others, and to comply with the Schools' Acceptable Use (Computers) Pupils policy and the school rules. Staff are under professional duties to do the same covered under the Acceptable Use (Computers) Staff policy, Data Protection Policy, policy on taking, storing and using images of children and Social Media Policy.

DATA ACCURACY AND SECURITY

The School will endeavour to ensure that all personal data held in relation to an individual is as up to date and accurate as possible. Individuals must please notify the Primary or Secondary School Offices of any significant changes to important information, such as contact details, held about them.

An individual has the right to request that any out-of-date, irrelevant or inaccurate or information about them is erased or corrected (subject to certain exemptions and limitations under data protection law): please see above for details of why the School may need to process your data, of who you may contact if you disagree.

The School will take appropriate technical and organisational steps to ensure the security of personal data about individuals, including policies around use of technology and devices, and access to school systems.

THIS POLICY

The School will update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable. This Privacy Notice was last updated on 9th September 2024.

QUERIES AND COMPLAINTS

Any comments or queries about this Privacy Notice should be directed to the Privacy and Compliance Officer using the following contact details
privacyandcomplianceofficer@hutchesons.org, telephone: 0141 433 4452 or at 21 Beaton Road, Glasgow G41 4NW.

A referral or complaint may also be lodged with the Information Commissioner's Office (ICO), although the ICO recommends that steps are taken to resolve the matter with the Schools before involving the regulator.
